

Short Bio

My introduction to Orthopedic surgery was in 1999. Started my orthopedic surgery residency in Mumbai, India (1999-2003). After completion of residency in India, I moved to the UK to pursue higher surgical training in Orthopedic Surgery. Trained in the UK from 2003- 2006. I moved to the US in 2006 to start my Orthopedic Trauma Fellowship (2006-2008). Started my Orthopedic Surgery residency in 2008 and graduated in 2013. Having spent 14 years of training in orthopedic surgery, it was a wonderful journey of learning in 3 different Countries and working and learning from hundreds of orthopedic surgeons of different countries. This enabled me to be more skillful and become a better teacher.

I Joined as a faculty at Wright State University, Department of Orthopedic Surgery in 2013. I enjoyed teaching Residents and Fellows and actively participate in research.

Looking forward to participate in more leadership roles and contribute to resident education.
